

We are the children of Erasmus

Ref.: We are the children,
the children of Erasmus
and we are kids just like you.
Dancing and singing and laughing
and having fun.
We know that you like it, too.

Only a few year ago
everything started.
We came to our school
very eager about all.
Lots of new things
were waiting for us.
Lots of our friends
we didn't know at all.

Ref.: We are the children,
the children of Erasmus
and we are kids just like you.
Dancing and singing and laughing
and having fun.
We know that you like it, too.

Only a few year ago
everything started.
We were looking for new friends
and we found you there:
in Italy and Romania
or even in France.
You all go to school
and in Turkey, too.

Ref.: We are the children,
the children of Erasmus
and we are kids just like you.
Dancing and singing and laughing
and having fun.
We know that you like it, too.

We've already check out
and we've sent lots of letters.
We like it and we are part of it,
Erasmus, this is our hit.

the children of Erasmus
and we are kids just like you.
Dancing and singing and laughing
and having fun.
We know that you like it, too.
